**ABOUT US**

Mountain-Pacific Quality Health is a nonprofit health care improvement organization that partners within our communities to provide solutions for better health. Since opening our doors in Helena, Montana, in 1973, we have broadened our reach to include Wyoming, Alaska, Hawaii and the U.S. Pacific Territories of Guam, American Samoa and the Commonwealth of the Northern Mariana Islands. As one of 12 Medicare Quality Innovation Network-Quality Improvement Organizations (QIN-QIOs) in the United States, we partner with health care providers, practitioners, stakeholders and patients on a variety of quality improvement initiatives to achieve better care, better population health and lower health care costs.

Through our Montana Medicaid review process, we work to ensure each Medicaid client has his or her health care needs met in the most appropriate, cost-effective setting, using the most appropriate medical service, equipment and supplies.

Through commercial and private contracts, Mountain-Pacific offers technical assistance, guidance and information on best practices to support and accelerate health care providers' efforts to improve patient outcomes and participate in value-based payment models.

Mountain-Pacific Quality Health is an Equal Employment Opportunity Employer.

Mountain-Pacific Quality Health, 3404 Cooney Dr., Helena, MT  59602
